The many friends of and Mrs. G. M. Patterson are glad to learn that she is some better.

The democrats in the Cox family are increasing as another has been born to Mr. and Mrs. Charlie Cox.

A team of mules, hitched to a wagon, ran away with Mr. Gabriel Elkin Tuesday. He was thrown from the wagon and his collar bone was broken.

Mat Cohen was here court day and said he would have a string of nine horses, at the Lancaster Fair July 28, 29 and 30th, to compete for some of the large premiums offered.

Miss May Davis happened to quite an accident Monday afternoon by stepping on a rusty nail. While she will be disabled for some days from the wound, it is hoped nothing serious will result from it.

### County Court Day.

An unusually small crowd was in town, very little business done and but little stock on the market, the farmers being glad to have an opportunity to work.

### Miller-Withers.

Clarence Withers and Miss Myrtle Miller, of Lincoln county, drove to this city Wednesday evening and were united in wedlock's holy bonds by Elder F. M. Tindler.

### Examinations.

There were seven white applicants examined for county school certificates on June 18th and 19th, three of whom received first class certificates, and four received second class.

### Lancaster, Ky.

You can't afford to miss the Lancaster fair July 28, 29, 30. They have arranged for more razz-dazz attractions than ever before, among them being Balloon ascensions and the wonderful Slide for Life, given daily.

**A Delightful Trip: Cheap Rates.**  
Those desiring a fine trip to Niagara, Cleveland, Buffalo, Toronto, Canada and Lake Erie should join the party gotten up by Mrs. H. C. Gaines. Also special rates to Atlantic City, Washington and other points. Call at Mrs. Gaines' residence, or phone 100.

### Open Air Union Services.

Arrangements have been completed by the ministers of the various churches to hold the Annual Union services during July and August, each Sunday evening in the park. Comfortable seats will be provided and special musical features will be had at each service. In case of inclemency of weather, the ministers will announce from their pulpits where the services will be held.

### A Lucky Man.

Mr. David Thompson says that he had thought, after all the hard rains that the damage to his place was \$500, but on examining his bottom land, he estimates that the soil washed from other farms that was left on his, makes his farm worth \$2500, more money. So he is \$2000 winner by the rains.

### Denny.

Mrs. Pattle Denny, relict of Mr. A. K. Denny, who was a brother of Messrs. A. R. and J. N. Denny of this place, died at her home in Stanford Sunday afternoon. The remains were buried in Buffalo cemetery Tuesday morning. She was a splendid woman having been connected with the Presbyterian church for many years.

### Second Whirlwind Campaign.

Miss Lella Patridge will speak at the following places in Garrard county during the Whirlwind Campaign: Buckeye, Friday, at 1 o'clock p. m. July 2. Bryansville, Friday, at 7:30 o'clock p. m. July 2. Lancaster, Saturday, at 2:00 o'clock p. m. July 3. Judge Lafferty will also speak at Lancaster on Saturday.

### Camp Meeting.

The Allenton Camp Meeting will be held this year Aug. 6 to 15th, the principal workers will be Rev. J. M. Taylor, Knoxville, Tenn., Mrs. Rose Potter Christ, Wilmore, Ky., and Song Evangelist, Prof. Wm. A. Bassett. Rev. M. R. Taylor is a noted Evangelist, having held meetings all over the South and West and made a trip to India.

### Big Sale.

Mrs. Nannie B. Jones has sold her farm of 120 acres located three miles from town on the Lancaster pike to Mr. Thomas F. Durham, the consideration being \$150 per acre. The farm is one of the best in Boyle county and is splendidly improved. Mr. Durham gets possession the first of the year—Kentucky Advocate.

This farm is nine miles West of Lancaster, and we have many farms of equal value around Lancaster.

### Family Fight.

Alex Wadkins, colored, shot his wife, Mable Wadkins, in the head Monday night. It is reported that they were under the influence of Cocaine when a quarrel occurred. Wadkins was caught by Chief Herron, at the depot while attempting to leave on a freight train, and landed him in jail. At last reports the woman was not dead. It is believed that the Grand jury will work on the case this week.

### Drowned.

On Sunday morning while swimming a horse in the Conn pond, about three miles east of Lancaster, Geo. Caldwell, colored, was drowned. Caldwell, who had been across on an old horse, felt safe in trying a young one, but became excited and jerked the horse's head which caused him to go under. Caldwell held on till he went under the third time, when the horse swam out without his rider.

The remains were fished out of the pond a few hours later and taken to Moreland for burial.

### Action.

Mrs. Dicy Acton, of Pulaski county died Monday afternoon, of many infirmities. The funeral was conducted by Rev. Geo. Thompson, at Good Hope church, Pulaski county, of which she was a devout member. She was 77 years of age and a better and more popular woman never lived in that county, as was evinced by the crowded church during the funeral hour. She was the mother of Dr. J. M. Acton of this place, to whom we extend condolence.

### A Great Occasion.

The American Church Federation of the Churches of Christ in America, will hold its Executive Committee meeting in Louisville in December 1909; the session continuing several days.

Mass meetings will be held, addressed by most eminent laymen, of the Nation as well as Ministers of all churches. The Federation comprises all the leading denominations of America, and with twenty million church members.

The Louisville meeting was arranged for by Dr. E. H. Pearce, of the National Executive Committee under instructions from the head office in New York.

### Recipe for Sponge Cake.

The following recipe for a light, soft sponge cake with but four eggs was passed along the line by a capital New England house-mother. As it differs slightly in proportions from any other sponge cake recipes that have appeared in print, and gives exceptional satisfaction, it is worth "making a note on." Any amateur can use it with success: One cup sugar beaten with four egg yolks and three tablespoonfuls of cold water, one cup flour, one teaspoonful of baking powder (sifted), four whites of eggs beaten stiff, juice of half a lemon or any flavoring preferred. Have a pan of water under the cake in the oven. Bake ten minutes in hot oven, then reduce the heat one-half and bake 45 minutes longer. Don't open the oven door until the cake is done by the clock. It cannot burn, owing to the water in the pan.

### Successful Banquet.

The banquet given in Stanford last week by the members of the Bible class taught by Eld. D. M. Walker, was a success in every particular, nothing being left undone for the pleasure of the many invited guests. Hon. W. I. Williams, of this place attended, and the Interior Journal in referring to his talk at the banquet says: Mr. W. I. Williams, of Lancaster, was introduced. He spoke on "Joys of the Bible Class" and told so much about the Bible, its teaching and benefits that some thought him a bishop. Mr. Williams is a most interesting talker and his heart is in the work of Bible teaching.

### A Worthy Nominee.

It affords us much pleasure to be permitted to mention the qualifications of Miss Jennie Higgins, the efficient and accomplished Democratic nominee for County School Superintendent. She taught for eight years, attended the Normal School, at Bowling Green, and is well prepared, both by training and experience to discharge the duties of this important office. The other nominees are proud to have her on the ticket, as they will be strengthened by the power of female influence and female co-operation, as every enterprise is more successful when it is approved by woman. The education and enlightenment of our people depend on that office, and, as she is familiar with the duties of the office, in every detail, it is believed that she will receive the customary endorsement. The new school law should be enforced properly, and as she is familiar with its provisions it would be wise to retain her in office, and it is believed that this will be done, by a good majority.

### Rev. H. N. Faulconer.

A Philadelphia paper had the following, referring to the illness of Rev. Faulconer:

Just as he was preparing to start on his vacation with his wife and four children to his native State, Kentucky the Rev. Henry N. Faulconer, widely known as an evangelist of the Presbytery of Chester, was stricken with appendicitis at his home at Devon, and is now lying in a critical condition at the Presbyterian Hospital.

Mr. Faulconer expected to leave for the South this week, but on Saturday last he was taken so seriously ill that it was found necessary to remove him to the hospital, where Dr. Wharton performed an operation for appendicitis on Monday of this week. Since then, it is said, complications have set in and a request for the prayers of the churches of this city and vicinity for his recovery was sent out this morning by J. H. Jeffers treasurer of the Laymen's Evangelistic Association of Chester Presbytery.

The stricken clergyman has been evangelist of the Chester Presbytery for about four years, and has frequently preached at evangelistic services in this city.

His many friends here will be glad to learn that he is improving and will recover.

### Literary.

The last meeting of the Woman's Club, for this year's work, was held Wednesday afternoon, June 23.

The subject was "Our Island Possessions" to have been led by Mrs. J. C. Hemdhill.

In her absence, Mrs. Geo. Robinson read Mrs. Hemdhill's paper on "The Philippines," a group of islands in the Pacific; southeast of Hong Kong, which were discovered by Magellan in 1521.

These islands are densely populated and exceedingly fertile, clothed with great forests of inestimable value. The chief product is hemp, next in order are sugar, coffee, tobacco and indigo.

At the close of the Spanish-American war the U. S. paid Spain \$2,000,000 for these islands and Wm Taft, of Ohio, was made civil governor.

Miss Sophronia Fox read a paper on "The Hawaiian Islands," a small archipelago in the North Pacific, probably discovered by Captain Cook.

These islands, about twelve in number, are mountainous and of volcanic formation. Lying in direct course between San Francisco and China, Japan and Australia, they afford a very convenient coaling station.

The climate, ranging between 60 degrees and 90 degrees throughout the year, maybe called temperate.

Since annexation with U. S., they have developed an enormous sugar trade.

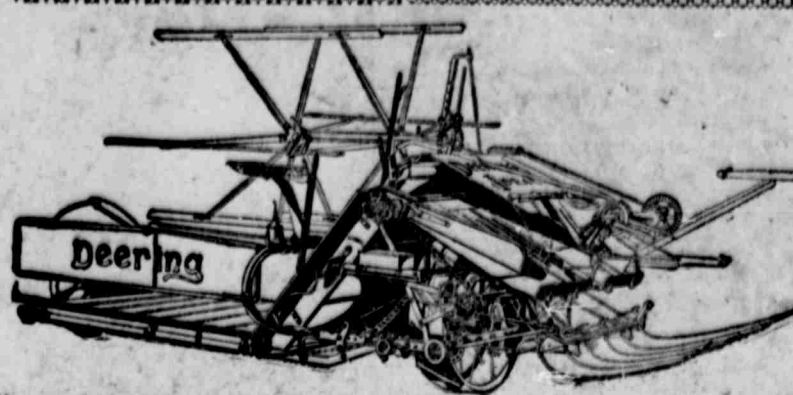

The Hawaiian Islands were proclaimed a republic in 1894 and four years later annexed to U. S.

The program was concluded with a paper on "Porto Rico" by Miss Edna Mason.

This island, which formerly belonged to Spain, was first settled by Ponce de Leon in the 15th century. Like the Philippines, it was ceded to U. S. at close of Spanish-American War.

It is very small not exceeding 3,600 square miles, yet of great fertility, raising in abundant quantities sugar, rice, coffee, tobacco and tropical fruits, and has absolutely free trade with U. S. It is a country rich in minerals, has no poisonous reptiles, no animals more formidable than the armadillo and teems with bird and insect life.

### Examinations.

Examinations for white teachers will be held at the office of the County Superintendent on July 16 and 17, also competitive examinations for appointment to State University on the same date.

Examinations for colored teachers will be held on July 23 and 24.

### Hard to Convince.

The ball game last Friday resulted in the close score of 4 to 3 when our boys defeated Wilmore. It was indeed the most interesting game that has been played this season. The Wilmore boys are hard to convince that we have the best team they asked for another game, and we consented to play them next Friday July 9th.

We also play Mt. Vernon here on Wednesday July 7th.

### MT. HEBRON

Weeds and rain are the chief topics of conversation.

Mr. U. G. Rains, of Pink, was with friends here Sunday.

Mr. Enoch Gilliam had a nice milk cow to die a few days ago.

Mr. G. W. Thompson is erecting a tobacco barn on his farm near here.

Mr. G. W. Thompson sold to Mr. Relaford Preston a mule price \$117.
